**ALIF
GLOBAL
SCHOOL**

*“All of us do not have equal talent, but , all of us
have an equal opportunity to develop our talents”*

- APJ Abdul Kalam

Welcome to

Alif Global School

We all have grown up being taught the importance of education. Having education makes you a useful part of society and enables you to contribute your share to the humankind. Gone are the days when people perceived learning as a means to achieve a promising career that earns a modicum of wealth. Today, even corporate firms do not look for certificate carrying machines with flesh and blood. All are now in search of knowledgeable humans with credible character and better cognitive skills.

You can expect this change in educational philosophy in our Alif Global School. Launched in 2018, we follow a unique education model that ranges from KG to Higher Secondary. We follow that education is a search for deeper knowledge and understanding of different subjects to be applied in everyday life. Knowledge is neither exclusively stored in textbooks nor arrested in the four walls of classrooms. It can be learned through practical experiences, beyond lecture halls, from mutual interactions, in playgrounds, and on dining tables.

Our faculty is our strength. Their role in our unique model is not to provide instant answers to questions of children. They rather teach them how to ask better questions, impart curiosity, kindle enthusiasm, and make them self-seekers. They help transform information into knowledge useful for social life. Our teachers shape the better citizenry of tomorrow with a sense of responsibility, moral values, and compassionate minds.

Vision

As Alifians we envision to develop well rounded, responsible, and confident individuals who yearn to achieve their full potential. We strive to accomplish this by providing an exceptional schooling experience by incorporating a blend of cultural and spiritual education with the aid of advanced technologies. We the Alifians take great pride in delivering a welcoming, safe, and supportive learning environment in which everyone is equal, and all achievements are appreciated through celebrations.

Mission

The Alifian mission is to seek exceptionally promising students of all backgrounds from across the nation and around the globe and to educate them, through mental discipline and social experience, to flourish their intellectual, moral, civic, and creative capacities to the fullest by nourishing a complete comprehensive and responsible individual who is ready to take these skills further and serve humanity at a larger scale.

WORLD CLASS CAMPUS

Set on a 2,61,360 sqft parcel of land, AGS campus provides students with facilities which include state-of-the-art classrooms, libraries, botanical gardens, labs, prayer halls, spacious indoor and outdoor sporting facilities and playgrounds.

Foundation School:

ALIF ZeeQue Plus to Grade 2

Nursery to Grade 2

Early Childhood Care and Education LearnActiv is a specially designed ECCE programme from the house of Excelsoft Technologies, a global e-learning company with over 2 Decades of experience in the Ed-tech. With LearnActiv, we bring to the parents an opportunity to help their preschoolers acquire the required skills through activity-based learning to become independent and confident learners. We have also integrated Alif ZeeQue Plus with ECCE, focusing on skill acquisition through real life replica. AZQ+ enables students to learn Qur'an and practice adkar in day today life.

Core Goals Goal

Goal 1: Children Maintain Good Health and Well-being Goal

Goal 2: Children become Effective Communicators

Goal 3: Children become Involved Learners and Connect with their Immediate Environment

Preparatory School:

Grade 3 to 5

- Encouraging inquiry and exploration, and developing children's competence in various skills reading, writing, listening, speaking, problem-solving, observation, measurement and use of information and communications technology.
- Nurturing curiosity and conceptual learning in the young minds.
- Real-world learning experience through creative activities and field trips
- Caring and supportive environment, optimal for learning, self-discovery, and awareness

Middle School:

Grade 6 to 8

- Nurturing and supportive environment where they are encouraged to take guided and increased responsibility for their learning, while they embark on a new journey of self-exploration.
- Alf introducing the young talents to numerous co-curricular activities along with many excursions, workshops and seminars for extensive learning.
- Developing skills related to writing, reading, reflecting, critical thinking, public speaking, foster- ing initiative among students and a desire to acquire knowledge

Secondary School:

Grade 9 to 12

- Helping to define new goals and a place where they can pursue their talents and passions as they prepare for graduation.
- Satisfying curiosity, inquisitiveness and aiming at excellence the approach provides your child with an atmosphere to pursue individual interest and focus on their eventual career choices
- For widening the horizon of their learning and enabling them to make the right career choice various clubs are arranged to give our students the intern experiences.

Discover Our Spiritual Enrichment Program

At Alif Global School, we prioritize the holistic development of our students, nurturing their spiritual well-being alongside their academic pursuits. Our Islamic Moral Department plays a pivotal role in this endeavor, offering two dedicated hours each day to focus on the practical elements of Islam.

Each classroom is blessed with a dedicated mentor who provides *tharbiya* (mentorship) to guide and inspire every student on their spiritual journey. Knowledge City, where our school is situated, is renowned for its spiritual values and is home to one of the largest mosques in Asia, creating an environment conducive to spiritual growth.

Our students actively participate in various pious programs, including International Meelad Conference at Jamiul Futhuh, where scholars from different parts of the world converge to share knowledge and insights. Daily rituals such as chanting sessions, recitations, and supervised prayers at the correct times further enhance the spiritual well-being of our students.

Global Engagement at Alif Global School

Alif Global School, offers a unique educational experience where students connect with accomplished individuals from various fields and countries. This enriches their education, broadens horizons, and nurtures holistic learning.

Our students engage with scholars, academics, entrepreneurs, scientists, and religious leaders. These interactions provide insights into global perspectives and offer networking opportunities for mentorship and future careers.

These encounters inspire innovative thinking and cultural appreciation, fostering global citizens who respect diversity. Alif Global School is more than a school; it's a gateway to knowledge, experience, and personal growth. Join us in celebrating global diversity and pursuing excellence.

What makes AGS **Truly Distinctive?**

Teaching excellence

Teaching excellence AGS views the curriculum as a dynamic entity, something that must be carefully crafted to ensure that traditional strengths endure while new possibilities are captured. Our aim is to help students acquire knowledge and develop fundamental academic processes while sharpening their critical thinking and problem-solving skills. The latest technologies are integrated into the classroom, allowing students to be modern and capable learners.

To make learning a great experience for every child, we make it interactive, innovative, and activity based. AGS follows the philosophy of constructive and innovative learning through an interdisciplinary approach. AGS'curriculum design implements the Universal Design of Learning to allow all children to learn in their own unique ways.

Holistic Development

Beyond the core academic knowledge, students need to have a compassionate understanding of the world around them. Holistic education model does not produce machines with flesh and blood, but a responsible human being with values and ethics.

Our role as a school does not limit to academic development of students.

Cognitive ability: it is the ability to learn from data, information and experience. It includes critical thinking, analytical skills and problem solving abilities.

Emotional ability: it comprises ability to understand own strength and weakness, sense others' emotions, shape own ways of dealing with others, and develop empathy with fellow human beings.

Social skills: it is about the ability to interact with others, be part of a team work, coordinate organizations and cooperate with others.

Physical skills: it includes both gross motor skills such as walking, running and climbing, and psychomotor abilities which is movement in response to five senses such as painting, driving, computer keyboard and making clay models.

Ethical Fashioning: specially designed syllabus of ethical studies is included.

Life at Campus

Alif Global School understands that the maximum time of a student spent at school, and it is a home away from home. Just like an experienced teacher or best pedagogy is decisive in a student's personality development, school infrastructure is also vital. Our spacious and air conditioned classrooms with digital facilities, world-class libraries, well-equipped labs, playgrounds along with myriad other facilities enable students to acquire the best academic knowledge and learn through experiences.

Alif Literary Fest

In order to provide the students with an opportunity to showcase their talent, AGS organizes Alif Literary Fest annually. Eminent writers and artists grace the events to give students first-hand experience from people of the creative class.

STUDENTS AND STAFF

EXCHANGE PROGRAMS

Parent Schooling

We value the incorporation of our dear parents who show their faith in Alif and hand their jewels to us. Believing in the same, we promote hand in hand association of school and parents for turning every child into an asset.

AGS is the key project of Markaz Knowledge City (MKC), a city development project at the Kozhikode- Wayanad National Highway. Spread in 125 acres of land MKC is conceived as an Integrated Township providing infrastructure for high-class Academic Institutions, Residential facilities, Health & Hospitality facilities, Recreation & Leisure facilities and Commercial facilities intended to promote the city as a center of international exposure and cosmopolitan life.

Where Friends Become Family

Alif Residence

The mission of the Alif Residence project is to develop an inclusive community that engages students from different cultures and believes in a secure and well maintained environment. It provides spaces where students gather to passionately talk about what they have learned, what they aspire and what they love. By fostering a sense of belonging that supports the overall academic goals, Alif Residence provides a homely experience to inmates with luxurious apartments and round the clock services. The fully furnished rooms in the residence provide an amiable atmosphere and pollution-free environment, conducive to the spiritual, physical and mental development of children and help them become self-reliant.
