BE YOUR CHILD'S LEARNING PARTNER

LearnActiv's pedagogy is aligned to NEP 2020

Begin Your Child's Learning With LearnActiv

Cherish the moments of your child acquiring new skills

Here's an early beginning to your child's enriched learning experience. Engage your child with the fundamentals of learning with activities to make them physically, socially, emotionally, and cognitively equipped.

Acquire the skills of a preschool teacher while teaching your child

Become an innovative teacher and instil the essence of creativity in your child with LearnActiv. Nurture curiosity in young minds with mind stimulating activities every day.

Enrol today to become a certified preschool teacher.

Create a well-organised portfolio for your child

Bring home a high-quality learning experience to enrich the language and vocabulary skills of your child. Our blended skill-based curriculum is developed to empower young learners to be confident and independent individuals.

LearnActiv Curriculum

The entire curriculum for Junior Kindergarten and Senior Kindergarten is designed to help children acquire the required sub-skills classified under five major Early Childhood Care and Education skills as specified by the National Education Policy 2020.

The activities are designed keeping in mind the recommendations from the popular theories of Early Childhood Care and Education.

The best practices from across the globe have been appropriately positioned with the help of our Early Childhood Care and Education recommendation committee.
